News from the Road

A fun, little recap of our very first week

ALMOST FAMOUS

Our trip began in Ithaca with a picnic lunch and a short hike along the dry river bed of Taughannock Falls followed by a taste of "life on the sea" with a delicious dinner at Smuggler's Wharf on Lake Erie. We celebrated the history of music at the Rock n Roll Hall of Fame, which highlighted the illustrious career of New Jersey's own Bruce Springsteen. That night, we stood up and cheered in the private picnic area of home run alley at the Cleveland Indians game. We were even featured dancing on the jumbo tron! On Wednesday, we toured the im-pressive Football Hall of Fame, playing a huge game of touch football on the new turf field. We whet-tered our appetite as we devoured the hamburger, lunch at the home of The Menshes Bros. After dinner at Hard Rock, we walked along the river, under the impression that we were mini golfing. With no green in sight, we were surprised with tickets to The Fray concert!!! We were just 15 feet away from the stage, dancing and screaming the whole night. Thursday, the sun broke through as we reveled in America's greatest amusement park, Cedar Point! Roller coasters, shows, and fireworks kept us busy all day and night. On our way home, we stopped at Penn State's famous creamery for some amazing ice cream to end the trip. *We can't wait for week 2!*
